BEAM CLAY®**WHOLESALE PRICE LIST**

Batting Practice - Big League Batting Cages

BUY A BETTER CAGE

The swivel wheel allows for a more precise cage placement!

(1) The addition of handle wheels controls the cage height over uneven surfaces, which allows for additional leverage to lift and raise the cage. Reduces cage drag and divots while in motion.

(2) Includes joint reinforcing clamps for added rigidity

(3) Through-bolts and locking nut connections only, no allen screws here!

(4) 18"W x 9"D swivel tires can be adjusted to two different heights which allow movement in multiple directions for easy installation and removal on the playing field

- Fully welded design and pre-assembled side frames make the cage strong and rigid for a long life span

- Net attaches directly to the frame and has reinforced seams and an integrated baffle

COLLAPSES DOWN TO 5' TALL

RICOCHET PADDING ON ALL OVERHEAD FRAMES

The top choice of Professional, Collegiate and Varsity baseball programs with larger wheels, 2 observation platforms, thud pad and ricochet padding on most frame work.

Frame is 2" heavy wall aluminum tubing that easily and quickly collapses down to 5' high for transport and storage. Includes heavy duty 3.5 mm weather treated EHT netting, plus 10' x 10' baffle net, 4" thick thud pad and 18 oz. vinyl skirt. Three 8-1/2" wide x 18" diameter pneumatic wheels and newly designed lifting/steering locking mechanism makes this the easiest cage to transport and maneuver. Overhead arched frames are all protected with ricochet padding to minimize ball rebound and reduce damage to the frame. Size is 18' wide x 22' deep x 12' high. Weight 600 lbs. **5-Year Limited Warranty.**

Our sharp multi-color images will outlast other processes. Eliminates the historic problems of digital printing, like weathering, premature fading, scuffing, and unsightly white mesh backside color. Images will last outdoors as long as the fabric, something rarely true with digital imprinting. Also highly spike, cleat, and racquet resistant. Our thick, individually-applied, double coating process literally bonds the image into the vinyl and completely masks the underlying fabric color, so image colors are vivid and true.

Chroma-Bond imprinting is available on our vinyl-surfaced windscreen, cover, padding & sign products.

BUNT ZONE™

INFIELD PROTECTOR TRAINER

Color coded bunting/hitting targets built-in.

MAJOR LEAGUE

STANDARD

PATENT #'s: D514644, 7160213, 7534179

Saves turf and teaches by visualization the correct placement of bunts for hit (yellow) or sacrifice (green). Avoid red area for bunting, hit-and-run, and pull-hitting, but go to it for up-the-middle hitting. Highly spike-tolerant 9 oz. industrial vinyl-polyester mesh with UV and mildew inhibitors. Fusion welded seams and full perimeter, double stitched, webbing-reinforced hem with 10 grommets installed. Includes low profile ground stakes.

STANDARD STYLE (Yellow on 3rd base side only.)

Synthetic Turf - Batting Practice Mats

BATTING PRACTICE MATS

Artificial turf mats, **PREMIUM GRADE 36 OZ. PILE**, 100% polypropylene with 5mm foam-rubber backing. These 3/4" thick padded mats **stand up to spikes**. Save time and labor. For ideal game conditions, moisten plate and mound areas before pre-game batting practice. Place mats on mound and home plate areas. After batting practice, remove mats to find areas tamped, level and moist for game-ready conditions. Available in Green, Clay, White, Blue, Orange, Yellow, Red, Black, Purple, Crimson, Maroon, Brown & Navy.

HOME PLATE CIRCLE - ARTIFICIAL TURF HALO KITS

Made from **PREMIUM 36 oz.** Artificial Turf. Pre-cut to fit a 13' radius from back point of home plate. Must be glued to concrete or asphalt. All seams are cut to fit like a puzzle. Only the outside edges get trimmed or tucked in dirt. Can usually be installed by grounds crew. Comes with or without a foam-rubber backing. Foam-rubber backing provides more cushioning but is somewhat more difficult to install. Kits come 5' or 10' deep, with or without wings.

HALO KITS WITH SILVERBACK™ POLYURETHANE BACKING

SYNTHETIC TURF FOR BASEBALL & SOFTBALL

Ideal for batting tunnels, dugouts, bullpens, walkways, coaching boxes and locker rooms. 100% polypropylene, with 1mm rubber backing (for a firmer feel, especially for loose lay applications), 5mm foam-rubber backing (for a softer cushion), SilverBack™ polyurethane backing. Can be installed outdoors or indoors on a compacted aggregate base or on concrete. 15" wide rolls. 10' minimum order length.

BASEBALL 36 PREMIUM - 36 OZ. POLYPRO PILE

The same premium grade of turf that our batting practice mats are made of. Great for any use you may have without getting into stadium grade products. 36 oz. pile, 15' wide stock in spring green (lighter multi-shade green) or pine (darker solid green). Available in 17 additional colors.

PL70515W5MM	15' wide, spring green or pine, 5mm foam	\$4.75/SF
PL70515WSB	15' wide, spring green or pine, SilverBack™ polyurethane	\$3.35/SF
PL70515W1MM	15' wide, pine or clay, 1 mm rubber	\$3.45/SF
PL70515WC5MM	15' wide, clay, red, white, blue, orange, yellow, black, tan, or brown, 5mm foam	\$5.05/SF
PL70515WCSB	15' wide, clay, red, white, blue, orange, yellow, black, tan or brown SilverBack™ polyurethane	\$3.75/SF
PL705L15WC5MM	15' wide, purple, vegas gold, crimson, maroon, silver, navy, light blue, or carolina blue 5mm foam	\$4.75/SF
PL705L15WCSB	15' wide, purple, vegas gold, crimson, maroon, silver, navy, light blue, or carolina blue SilverBack™ polyurethane	\$3.35/SF

PL 705 is shorter and has a more crinkly texture. PL705L has longer straighter blades.

BASEBALL 42 PREMIUM - 42 OZ. POLYPRO PILE

Needs 2-3 pounds of sand infill per square foot if not glued to concrete.

PL70715WC1MM	15' wide stock, pine or clay, 1mm rubber 15,000 SF min or 5000 SF + \$2,500 setup fee	CALL FOR PRICE
---------------------	--	-----------------------

BASEBALL 36 with 5mm foam and BASEBALL 42 with 1mm rubber backing have the same feel. BASEBALL 42 is thicker not taller. Both provide excellent resistance to spikes.

PLEASE NOTE: Synthetic Turf is normally rolled face out. No charge to "reverse roll" cut pieces with turf faced in—which makes it easier to install—doesn't need to be flipped over.

There is a \$2 per linear foot charge (**#CPTCUT**) to cut the width (there is a 1/4" tolerance) and/or pre-trim (**#CPTTRIM**) the scrim fabric along edge with a \$100 minimum charge. Pre-trimming scrim can be done on site with scissors.

If gluing to concrete, use Robert's 6700 glue from Home Depot if 65° or warmer, Turf Claw™ if 55°+, or Nordot 34-G if 50°+. If installing over compacted aggregate, you need to spike perimeter and tape (12" w) & glue seams. Turf Claw™ can be shipped with your turf order. Check current pricing for tape & glue per quantity needed. If installing over macadam, be sure glue is compatible with macadam or loose lay with 2-3 lbs. sand to weigh the turf down, plus tape & glue seams. If gluing SilverBack™ polyurethane backing, make sure glue is polyurethane compatible.

For Batting Tunnels, all the above with foam backing are heavy enough to not be glued or spiked, but adding 2-3 lbs. sand per square foot is recommended for more weight to prevent shifting.

Batting Practice - Batting Tunnel Frames & Nets

PROFESSIONAL BATTING TUNNEL FRAMES & NETTING

With our **Professional Batting Tunnel Frame (#66214)** your poles can be set at your desired length (55' | 70' | 75') and can also be adjusted to fit custom net widths. This unique design allows for the tunnel's net to easily be adjusted at any time after the initial installation. This heavy-duty frame is constructed using six 4" square, heavy-duty steel poles. A black, baked on powder coat finish on the steel frame provides the ultimate weather resistance and protection. Frame is reinforced using 13-gauge galvanized steel crossbars to hang the net. Crossbars feature Allied's® zinc Flo-coat galvanization process for maximum protection. System includes everything needed to install and hang net: chain, cables, hooks, collars, ground sleeves and c-snaps. Tunnel net is sold separately. The Professional Batting Tunnel Frame has a 5 Year warranty.

Professional Double Batting Tunnel Frame (# 66214D)
Same high quality materials as the standard Professional Batting Tunnel Frames. These double frames share center poles to allow side-by-side installation, eliminating the need for extra poles and ground footings.

- | | | |
|---------|---------------------------------|----------|
| #66216 | 55' 70' 75' Model, 868 lbs. | \$5,175 |
| #66216D | Double Model (side-by-side) | \$7,695 |
| #66216T | Triple Model (Side by Side) | \$10,355 |

5-Year warranty. System can be adjusted to fit custom net widths and lengths.

BATTERS VIEW OF CAGE
Note: The "slope" of the net is important. The center of the net for it's entire length is 12' high. The sides of the net are 10-1/2' high, leaving 18" of net on the ground to keep batter balls inside the enclosed area.

Order netting separately.

Premium Knotted Braided HDPE Polyethylene Black Tunnel Netting:

Polyethylene netting is more durable and weather, UV, mold and mildew resistant than polypropylene or nylon netting. Knotted netting provides a higher overall strength rating than knotless netting making it superior for direct impact applications.

- * Tunnel nets are made with 1-3/4" knotted square mesh to reduce sag, for easier installation, and to provide a cleaner appearance.
- * 5/16" rope border sewn around perimeter.
- * Corners have 6' rope tails and sewn loops making it easier to hang.
- * All tunnel nets include a convenient overlap style entry door..
- * Tunnels can be customized to your size specifications.

Hitting Station Systems—10' High

Great for “soft toss”, tee work and more, the 3-pole shown in red against batting frame of the Hitting Station helps coaches and players get the most out of every practice. This “stand alone” system can be placed along side of your batting tunnel/cage for players to use before or after their turn in the cage, or anywhere you need 3-4 hitting stations. Constructed from 4” square, heavy-duty steel poles, this black powder coated pole system is an attractive addition to any facility. Impact netting is constructed of black 3.5mm knotless 1-3/4” square mesh high-tenacity polypropylene (Pylon). Netting is hung from 1/4” galvanized steel cable and the system includes everything needed to install, including ground sleeves. Custom lengths are available.

#66270 70' / 75' Model—4 hitting stations (3 poles) *(specify 70' or 75' when ordering)*

Poles are 20'L (17.5' above ground & 2.5" in Ground)
2 adults required on site to manually unload.

ALUMINUM FRAME BATTING TUNNELS

Engineered to withstand the rigors of both practice and the elements
No tedious tie-down cables extending beyond the posts with these high quality batting cages
Offset main uprights are fabricated of 4" diameter aluminum tubing, which install into aluminum ground sleeves
Mill finish aluminum. Powder-coated frames also available.
42# Nylon Netting 1-3/4" Square
Swivel pulleys with eyebolts are mounted at top to raise and lower the protective netting
Available in two standard sizes

BT121470 12'H x 14'W x 70'L

\$7,550
\$7,950

DUAL AND TRIPLE BATTING TUNNELS

Increase your batting practice area two-fold, or even three-fold, within a smaller footprint of your valuable field space with side-by-side dual batting tunnels or triple batting tunnels.

BT141455-DUAL 14'H x 14'W x 55'L
BT121470-DUAL 12'H x 14'W x 70'L

\$17,990
\$19,780

BATTING TUNNEL EZ ZIPPER ENTRANCE

Add an entrance to any batting tunnel or batting cage in three easy steps with this "EZ" Zipper.
Step #1: Zip tie the EZ Zipper wherever you want your entrance located. Step #2: Unzip the zipper.
Step #3: Use hot knife to simultaneously cut net between the zipper and prevent fraying.

BTEZ 14'H x 14'W x 55'L

\$170

PORTABLE BATTING TUNNEL

Engineered to withstand the rigors of both practice and the elements and, most importantly, it is portable. Eliminates the need to find one spot for batting practice and adds flexibility to locate anywhere, indoors and/or outdoors.

Artificial and natural grass friendly design, all components are rounded
Offset main uprights are fabricated of 4" diameter aluminum tubing (same as our in-ground model), which inserts into welded aluminum bases with receptacles to accept frame supports
2" sq. aluminum supports (top and bottom) are bolted to receptacles to rigorize the entire structure as one unit
Swivel pulleys with eyebolts are mounted at top to raise and lower the protective netting as needed
All hardware is rust-proof galvanized steel and stainless steel

Cage Features

- Folds like an accordion for quick storage
- 72' and 54' cage folds to 2 feet in less than 5 minutes.
- 25% wider than standard cages
- Arc shaped design for maximum hitting space
- Size allows live batting practice to be thrown comfortably
- Uses #42 Braided nylon net - the strongest available
- No permanent construction required
- No cables to run indoors
- No frame to build outdoors
- The customer will need to provide two end anchors (usually eye bolts), one at each end of the cage

The Batco cage can easily be folded and unfolded, like an accordion. After use, the Batco cage can be folded to 18' wide, 12' high, and just 2' long in less than 5 minutes. To collapse the cage you need two players per arc (8 players for the 54 footer and 10 for the 72') to slide the cage into storage. The players simply walk in unison, folding the cage up against the wall or fence as they walk.

*Batco cages are very large. Be sure you have enough room in your gym. **No returns allowed.***

DESIGNATED HITTER—PRO

The Designated Hitter™ Pro will help your pitcher learn how to pitch inside and handle a hitter who might be crowding the plate.

The Designated Hitter™ Pro is the ideal pitcher's training tool for baseball and softball pitchers at the advanced level. It allows your pitchers to have a live training or a more realistic bullpen session without the need for a live batter. This dummy model gives your pitchers a more efficient, effective and safe training session while practicing on the mound. The Designated Hitter™ pitching dummy stands 5'9" tall, can be used in either indoor or outdoor facilities, and comes with a weighted base to allow it to stand on its own. It is made with durable materials so it will not break when hit by fastballs. The Designated Hitter™ Pro is also constructed with beveled edges to reduce pitch deflection and provide a safer experience for your catchers. An orange string that attaches to the elbow of the dummy provides a visual representation of the inside corner of the strike zone for your pitchers to aim at. The DH displays all of the hitter's key landmarks, giving pitchers a complete image of the strike zone. This helps pitchers develop more consistency in the accuracy and trajectory of their pitches. This helps your baseball and softball pitchers visualize the zone and practice hitting their marks.

- The Designated Hitter™ Pro Model
- Can be used indoors or outdoors
 - Simulates a left or right-handed batter
 - Is designed for baseball or softball teams
 - Is portable and easy to transport
 - Comes in red, blue or gray color

DESIGNATED HITTER—YOUTH

The Designated Hitter™ Youth is the ideal pitcher's training tool for baseball and softball pitchers at the advanced level. It allows your pitchers to have a live training or bullpen session without the need for a live batter. This gives you a more efficient, effective and safe training session. The Designated Hitter™ pitching dummy stands 5'2" tall and comes with a weighted base to allow it to stand on its own. It is made with durable materials so it will not break when hit by fastballs. It is also constructed with beveled edges to reduce pitch deflection and provide a safer experience for your catchers. An orange string that attaches to the elbow of the dummy provides a visual representation of the inside corner of the strike zone for your pitchers to aim at. This helps your baseball and softball pitchers visualize the zone and practice hitting their marks.

- The Designated Hitter™ Youth Model
- Can be used indoors or outdoors
 - Simulates a left or right-handed batter

PITCHERS POCKET 9 HOLE BASEBALL PITCHING NET

Pitcher's Pocket

Pitcher's Pocket

9-Hole Pitching Training Aid

The Pitcher's Pocket is the only industrial grade training aid that has nine individual pockets. The nine individual pockets allow for true accountability after a workout.

The Pitcher's Pocket is perfect for youth pitchers that are just learning to throw strikes. However, the 45 inch high and 35 inch wide frame is more than large enough to ensure an experienced picture gets reps keeping the ball out of the zone.

- industrial Gauge #60 Net with Galvanized Steel Frame. Perfect for outdoor/indoor use
- Challenge the player by ensuring they hit their spots with the 9 individual pockets
- Perfect size to teach players to throw strikes but also big enough to leave the ball out of the zone
- No need for a catcher to ensure you get your daily reps. The nine targets keeps players engaged
- Ships fully Assembled. Adjustable legs to change height and detachable legs for easy storage.

ADJUSTABLE HEIGHTS

Versatile Training Aid

Specifically designed for pitching in mind, but can also be used as a great tool for infield, outfield, and catching drills. The adjustable heights on the Pitcher's Pocket can make it a great throwing target anywhere on the field.

- Great for infield throwing practice
- Have catcher's work on their pop up times and throws
- Have outfielders throw into the Pitcher's Pocket at home plate
- Place it at first base, and have your pitcher's work on their pick off throws

PITCHERS POCKET PRO 9 HOLE BASEBALL PITCHING NET

The Pitcher's Pocket Pro was designed to mimic the actual size of the strike zone. The Pitcher's Pocket Pro is the only industrial-grade training aid that has nine individual pockets. The nine individual pockets allow for true accountability after a workout. A player or coach can count the balls inside the pocket that hit or missed the desired location providing real-time pitch location. Perfect for the elite pitchers just looking to fine-tune his accuracy within the strike zone! The Pitcher's Pocket is the perfect training aid to keep a player engaged during a practice session without having to use a catcher.

Pitchers Pocket

The Pitcher's Pocket Pro has a 12-Month All-Inclusive Warranty, and a Five-Year Limited Warranty covering the frame. The Pitcher's Pocket Pro is over-engineered and constructed with industrial-grade materials. Commercial baseball and softball training facilities have had this product in their cages for years without issue. Any player can feel confident leaving the Pitcher's Pocket Pro in the backyard without having to worry about durability.
