

**MICHIGAN RED**  
**MICHIGAN BROWN**  
**Premium Infield Mixes**

***For Safe, Consistent, and Easy to Maintain  
Michigan Baseball & Softball Infields!***

Made from uniform sand and red clay to provide, with proper maintenance, firm infields with excellent drainage, consistent playing conditions, free of stone, safe to slide on, long lasting, with distinctive red color – for safe, attractive, consistent **PRO-QUALITY** baseball diamonds.

**INFIELD CONDITIONERS/TOP-DRESSINGS**

Incorporate into existing clay to condition and improve playing surfaces. Improve drainage, yet soften and add resilience to top playing cushion.

**PITCHER'S MOUND & BATTER'S BOX MIXES**

Firm clay mixes for pitcher's mounds and home plate areas. Available in bulk or bags.

**3/16" MICHIGAN RED WARNING TRACK**

Firm yet crunchy, warning tracks with excellent drainage and low maintenance to warn players of the fence or wall. The finishing touch to great ballfields!
