White Line Marking Equipment—Dry

All Star
The All Star is our #1 selling liner since its introduction. The All Star includes an extra large capacity and an extremely durable construction that makes this a winner for any program.

Advanced features include:

- Extra Large, 100 lb. Capacity
- Telescopic, Height-Adjustable Handle
- 10" Diameter Pneumatic Wheels
- Cast Aluminum Axle Housing and Paddle Wheel Feeder
- "Sweet Spot" Flow Control System With Dial
- Advanced, Spring Loaded 2nd Stage Shaker/Agitator

All Star **\$295**
#03953/59 lbs.

Heavy Hitter
The newly redesigned Heavy Hitter is now better than ever! We have included all the same All Star features but with a smaller hopper capacity!

Advanced features include:

- Large, 60 lb. Capacity
- Telescopic, Height-Adjustable Handle
- 10" Diameter Pneumatic Wheels
- Cast Aluminum Axle Housing and Paddle Wheel Feeder
- "Sweet Spot" Flow Control System With Dial
- Advanced, Spring Loaded 2nd Stage Shaker/Agitator

Heavy Hitter **\$269**
#03954/46 lbs.

Little Tuffy
The most durable 2-wheeler available! Includes all the same features as our 4-wheel models. The easy-to-manuever design is great for batter's boxes and softball circles, yet large enough to line an entire field. Features include:

- Large, 60 lb. Capacity
- Telescopic, Height-Adjustable Handle
- 10" Diameter Pneumatic Wheels
- Cast Aluminum Axle Housing and Paddle Wheel Feeder
- "Sweet Spot" Flow Control System With Dial
- Advanced, Spring Loaded 2nd Stage Shaker/Agitator

Little Tuffy **\$239**
#03955/35 lbs.

Dasher Pro
The new improved design is now better than ever! Dispenses both a 2" and 4" wide line with instant shut-off. A highly portable and maneuverable unit, great for batter's boxes, softball circles, and spot touch-ups, yet large enough to hand any job. Features include:

- 25 lb. Capacity
- Hinged Lid Keeps Moisture Out
- 10" Diameter Pneumatic Wheels
- Cast Aluminum, 9 Fin Paddle Wheel Feeder
- Push Button Handle Knocks Down For Compact Transport And Storage

Dasher Pro **\$121**
#03956/16 lbs.

Deluxe Features

"Sweet Spot" Flow Control System

All models (except the Dasher Pro) feature the newly redesigned exclusive, patent-pending, Flow Control System, which incorporates a main control lever with the unique "Sweet Spot" flow dial, providing infinite adjustment over the amount of lining material being dispensed. Achieve complete control! Adjust from a thin dusting to a thick heavy line regardless of the brand, type of material, or humidity outside! The two stage systems include an easy-to-reach, fingertip control lever featuring 3-position settings to change between off, 2", and 4" lines without bending over. The patent-pending "Sweet Spot" flow dial rotates to either increase or restrict the size of the bottom opening. "Dial" in the perfect line! When you're finished lining simply move the control lever to the off position and your preferred flow rate is saved for the next use.

Pneumatic Wheels

All models now feature 10" dia. X 4" wide industrial grade, pneumatic wheels with steel rims and iolite bearings. These new wheels provide maximum traction in wet and uneven terrain, and minimal rolling resistance.

Guide Line

All models now feature a convenient guideline on the lid to help create a straight line.

2nd Stage Shaker/Agitator

All models (except the Dasher Pro) now feature the exclusive, patent-pending, spring-loaded, 2nd stage shaker/agitator, which vibrates the housing. This provides improved material flow and minimizes air cavities and material-caking due to moisture.

Height-Adjustable Handles

All models (except the Dasher Pro) now feature a telescopic, height-adjustable handle for maximum user comfort. Three position settings adjust from 37", 39" and 41" operating heights.

Aluminum Axle Housing

All models (except the Dasher Pro) feature a heavy-duty cast aluminum axle housing, making these markers the most durable on the market. Every hopper is constructed from galvanized steel to prevent rust and corrosion.

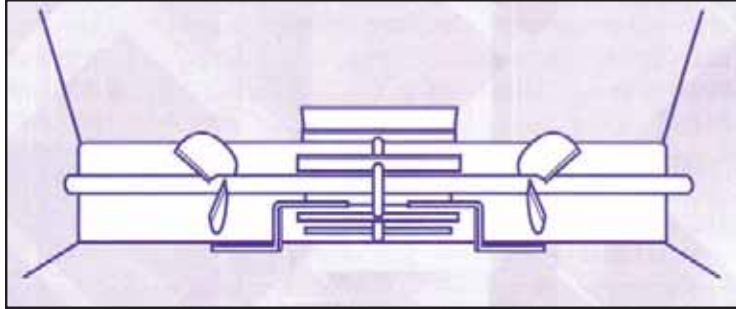

Aluminum Paddle Wheel

All models feature an extremely durable cast aluminum paddle wheel feeder with 9 fins (many liners have only 4-5 fins). The high fin count produces a more uniform and continuous stream of chalk.

ALL PRICES SUBJECT TO CHANGE & AVAILABILITY PLUS SHIPPING

STACKHOUSE LINERS

All Stackhouse liners feature a liner body designed so that its wedge shape ensures a constant flow of chalk to the bottom of the liner. The metal bodies are heavy duty, 20 gauge steel body with an attractive blue enamel finish. Our liner gut, which is driven by the liner wheel ensures a constant flow of chalk. A fingertip control allows you to adjust the thickness of your line and control shut-off of chalk. Depending on the model, the liners ride on either 10" pneumatic tires or solid rubber diamond-tread wheels that use a steel hub with oilite bearings for minimum rolling resistance. The liners offer both a 2" and 4" line for baseball, football, and soccer fields. These features, combined with the 6 models we offer, allow you to pick the best liner for your purpose—within your budget.

ON ALL STACKHOUSE LINERS

LPFP50 - Poly Field Pro 50

This 50 lb. capacity liner is made to handle any job you give it. Its body is formed out of 1/4" Polyethylene plastic and rides on 4-10" pneumatic tires. The lid is hinged and formed with ridges for extra support. All of the steel parts on this liner are powder coated to give it the best weather resistance possible. Uses the same auger/drive system as our other 4-wheel models. 2" to 4" line.

Shipping: UPS 45 lbs. Ships Dimensional

**LPFP50****\$405****LR50 - Line Ranger 50**

This heavy duty, 50 lb. capacity liner is ideal for lining multiple baseball fields. 10" pneumatic wheels give a smooth rolling ride for easy field lining. 2" to 4" line. Powder coated

Shipping: UPS 54 lbs. Ships Dimensional

**LR50****\$405****LG50 - Genie 50**

Our most popular liner! This 50-pound capacity liner rides on four 8" wheels. This liner is designed for the school on a budget and offers all the quality and durability of the bigger liners. Ideal for football and baseball fields. 2" to 4" line. Powder coated.

Shipping: UPS 58 lbs.

**LG50****\$260***ALL PRICES SUBJECT TO CHANGE & AVAILABILITY PLUS SHIPPING*

LTW25 - LTW-25 Liner

Our most popular baseball field liner! This economy-priced liner with its 25-pound capacity, 2" line, and fingertip shut-off and flow control has long been the favorite of baseball coaches. Its 25-pound capacity lets you line a baseball diamond with one filling of chalk. The LTW-25 rides on two 8" wheels and will give years of trouble-free service. Powder coated.

Shipping: UPS 25 lbs.

LTW25**\$140****LRB200 - Roustabout 200**

Every school needs this liner for line touch-ups and small jobs of baseball base-lines, track and field events, tennis, parking lots and physical education play fields. Rides on two 6" wheels and has 2" line. Paddles without augers. 200 yard capacity. Powder coated.

Shipping: UPS 12 lbs.

E-Z Fastpitch Circle Template

The quickest & most accurate device ever created to mark a fastpitch softball pitchers circle. Engineered to be mistake-proof & easy to use. Marks the circle at exactly 16' every time in seconds. A time & labor saving tool that's pays for itself quickly. The secret is the specially-designed pitching rubber mount which secures the non-stretch aircraft cable. Two options available. Each set includes a marking tool rod to scribe the circle on the infield. When you are finished, simply use your existing marker to chalk the circle. Or purchase the Pro E-Z Dasher Set which includes a 25 lb. capacity Dasher Pro so you can chalk as you go. Note the Dasher Pro includes an axle hard point for cable attachment & storage transport. (Note: cable can be removed allowing the Dasher to operate independently for marking base lines). Pitching rubber mount fits official 6" x 24" rubbers only. 18-month limited warranty. *Patent Pending.*
