BACKSTOP PADDING

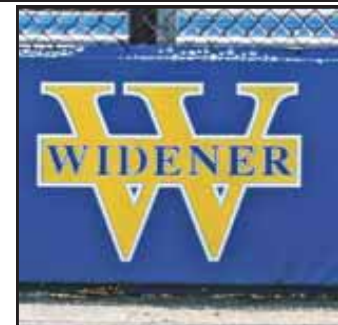

SPECIFY COLOR WHEN ORDERING

FOLDING BACKSTOP PADDING

18 oz. Vinyl covers with 2" polyfoam. Pads are made to fold in 2' wide panels for storage and shipping. Grommets every 12" along top, bottom and sides for anchoring except with Velcro ends if padding butting together. **STOCK COLORS SOLID OR ALTERNATING:** Maple Green, Kelly Green, Royal Blue, Navy Blue, Sky Blue, Red, Orange, Yellow, White, Black, Grey, Tan, Purple, and Maroon.

Must specify when ordering which pads butt together. Velcro attachment provided @ no extra charge. One pad with velcro flap, the other would have a velcro strip sewn to its back.

OUTDOOR STADIUM WALL PADDING

Panels are typically 4 feet wide with heights up to 8 feet. Standard Firm 1" -4" IFD 70 open-cell foam encased in high UV-resistant 18 oz. vinyl. When ordering, leave at least 6" from the bottom of padding for maintenance and so the ball doesn't get stuck underneath. Wall Padding comes either:

- 1.) Plywood backed for permanent attachment with 1" strip top & bottom for screwing to wall
- 2.) Plywood backed with "Z" clip attachment for taking up & down (very popular with baseball and football stadiums) to attach to concrete or wood walls,
- 3.) Plywood backed with bolts and backup plates to attach to chain link fence, or
- 4.) Sewn pads with 1-5/8" grommet flaps at top and bottom (grommets every 12") to attach to chain link fence. When ordering give us actual height of foam without including flaps.

18 standard colors: White, Grey, Beige/Tan, Black, Maroon, Red, Orange, Yellow/Gold, Burnt Orange, Kelly Green, Midnight Green, Medium Green, Navy, Royal Blue, CC Sky Blue, Purple, Vegas Gold, Sport Grey/Charcoal.

Call for quotation. **Digital & hand painted graphics available.**

Backstops

BACKSTOPS

CHAIN LINK WINGED BACKSTOPS for Permanent Installation in Ground

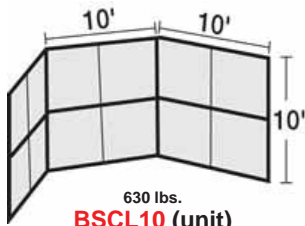

CHAIN LINK WINGED BACKSTOPS

Permanent backstops are constructed by installing supplied 2-3/8" pipe supports approximately every 10' in concrete footings as shown on installation drawings provided. You then simply bolt factory pre-fabricated 5' x 10' panels in place to create your finished backstop. No more cutting and stretching chain link material in the field. These backstops are extremely durable and allow individual panels to be removed for re-screening or replacement as needed. **5 Year Limited Warranty.**

CHAIN LINK PANELS—5' x 10'

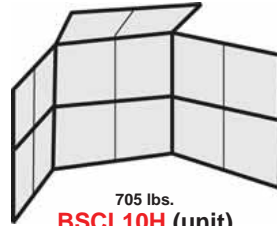

Prefabricated panels are the building blocks of these backstops. They simply bolt into place, eliminating on-site cutting and fitting. Panels are 5' x 10' & are composed of 1-5/16" O.D. galvanized tubing with center reinforcing brace and 9 gauge galvanized woven wire that is stretched and fastened on all sides with 3/8" rods and steel clamps. These 5' x 10' panels may also be used to construct 5' high fences for dugout and baseline extension. **5 Year Limited Warranty.**
