TURF DEFENDER® TURF BLANKETS #3311WW

Woven (3 oz./sq. yd.) white polypropylene turf blankets with 4 ply double stitched hem on all sides and heavy-duty brass grommets every 5'. These ultra high strength turf blankets are designed for those open areas traditionally more exposed to high winds. With all four edges finished, **Turf Defender® Turf Blankets** are the strongest in the industry, effectively protecting turf from the winter elements and allowing for an earlier green-up. Sod staples and storage bag for labeling included. **8-year** pro-rated warranty for manufacturing defects and UV-resistance. F.O.B., PA

BENCH ZONE®
SIDELINE TURF PROTECTORS
CLEATS CANNOT PENETRATE

But rain, sports drinks, sweat, etc. drain thru and are **not absorbed and re-tained** like in other mats that **TRIPLE IN WEIGHT** and **EMIT ODORS** in storage.

SIMPLY HOSE OFF TO CLEAN FOR STORAGE.

Fabric is the latest generation of PVC-Polyester – VIPOL™ Matrix Material – that is non-absorbent, tough, and durable. Air and sunlight can penetrate so this bench tarp can be left down for longer periods without damaging the grass. Much lighter in weight, easier to install and remove and store in 80% less space than competitive products. All edges are folded, internally reinforced, and double-stitched. Grommets are installed every 18”.

HELPS PROTECT PLAYERS & GROUNDS CREW AGAINST MRSA.

SPECS: Fabric: Vipol™ Matrix Material

TESTIMONIAL

I wanted to take the opportunity to let you know how satisfied we are at Purdue University with your new sideline cover. This new sideline cover has held up better than I imagined. The three customized colors that distinctly mark the coaches and players areas really help our coaching staff keep order on the bench. The permeability of the material helps keep the cover cleaner than any other sideline cover we have used in the past.

I would recommend your sideline cover to any school or team for their use in their stadium. I've been the stadium director at Purdue University for over 20+ years and I can say with confidence that your sideline cover is the "Best" we have used.

Sincerely,
BOB HALAS, Director of Outdoor Athletic Facilities, PURDUE UNIVERSITY

Our sharp multi-color images will outlast other processes. Eliminates the historic problems of digital printing, like weathering, premature fading, scuffing, and unsightly white mesh backside color. Images will last outdoors as long as the fabric, something rarely true with digital imprinting. Also highly spike, cleat, and racquet resistant. Our thick, individually-applied, double coating process literally bonds the image into the vinyl and completely masks the underlying fabric color, so image colors are vivid and true.

Chroma-Bond imprinting is available on our vinyl-surfaced windscreen, cover, padding & sign products.

HUDDLE ZONE™ SPECIAL TEAMS MAT—WIND WEIGHTED

FEWER COSTLY PENALTIES & LOST TIMEOUTS

Gives special teams an exact location to **ORGANIZE** and **CALL PLAYS** before entering the game.

Constructed of cleat-proof industrial matrix fabric with a 3' square for each special team player, plus the front section for captain and coach. Entire edge is vinyl wrapped with internal steel chain weighting, making mat WIND-PROOF and easy to install without stakes. Just lay in on turf or over sideline turf protector.

Easily folds and travels with team to away games!

SPECS: Fabric: Vipo™ Matrix Material
Standard color: Light Grey with 3" wide screened-on yellow stripes and yellow vinyl edging.

TESTIMONIALS

Our coaches feel the Huddle Zone™ Mat's convenience has saved them time, giving our kids a central location to meet before going out on the field. It has been easy to maintain and travel with. It also keeps our special teams area clear for our players to meet.
GARY JOSEPH, Head Football Coach, KATY HS; Katy, TX

Each player on our punt team is assigned a box and knows to be in it on 3rd down. It enables us coaches to have players ready if we choose to punt and may have saved us a timeout or penalty. We give some credit to the Huddle Zone™ Mat for one of our better special teams performances this season.
GREG MANTHEI, Special Teams Coordinator, DULLES HS; Sugarland, TX

PolyPro Turf Protection for Concerts, Graduations & Special Events

Allows field use for non-athletic events.

Heat-fused top side will stand up to chairs, tables and foot traffic.

Features / Benefits:

- 100% polypropylene blanket-style protection
 - Protects turf from trash, gum and other debris
 - Provides flat, uniform surface for chairs and shoes with heels
 - Allows air and water to pass through
- Heat-tempered on top side
 - Protects against high traffic wear and tear, even with cleats
- Heather Gray color
 - Will not absorb heat like dark colors

Custom lengths up to 250', Velcro attachments (for connecting rolls) grommets for staking down are available.

15 oz./sq. yd., 14' wide x 150' long

***\$1,335/Roll**

***Prices based on minimum of quantity of 3 rolls.**

Roller for easy handling and storage.

- Weight: 12 lb./LF
- 34' and 40' lengths shipped in two sections and joined in the field (hardware provided)

EnkamatPlus

EnkamatPlus is an innovative product that provides maximum protection for natural turf fields in some of the most high traffic areas — the sidelines during football and soccer games and around the batting cages and fungo areas for baseball practices. What makes this product work so well is that it won't crush or suffocate the grass. The open structure of the mat allows rain (and other liquids) to flow through, the grass blades to remain intact, and protects the field from unwanted down time. It is perfect for multi-use and professionally maintained fields.

Made of a tough polyester fabric bonded to a special constructed three-dimensional nylon core, EnkamatPlus is the solution for keeping grass healthy and green. This flexible, open matting is the most effective protection you'll find to replace old-style tarps and polyester blankets.

Installing EnkamatPlus couldn't be easier — it can be rolled out and rolled up within minutes. After the game the rolls can be easily stored in an equipment room or outdoor storage area and are reusable season after season.

When asked if he would recommend EnkamatPlus to his colleagues Ross Kurcab, Turf Manager of the Denver Broncos replied, Absolutely! It simply protects the grass better. It is softer for the players and easy to deploy. Any added expense would be saved in the first year from little or no grass repair.

#7420 16'W x 150'L Rolls, 430 lbs.
8'W x 150'L Rolls, 215 lbs.

\$2,650/Roll
\$1,100/Roll

Enkamat Flatback

Enkamat Flatback is an alternative for field protection during non-athletic events. It can be used alone or as part of a protective flooring system. It is installed with the flat, two-dimensional side up to provide a smooth, even surface for plywood, geotextile fabric, or chairs to be placed directly on top. Equipment can be moved on and off the field with no damage to the turf.

#7220 15'W x 150'L Rolls, 235 lbs.

\$2,250/Roll

Concerts & Social Events

Professional and non-professional athletic fields are being used more often for concerts and other social gatherings. EnkamatPlus and Enkamat Flatback can be your cushion of safety. The products have a Class A Fire Rating and a smooth, walkable surface. Typically Enkamat Flatback is used 5-6 layers high under stage supports.

Thousands of feet hopping to the beat won't crush EnkamatPlus & Enkamat Flatback. This strong, yet flexible structure springs back into shape under incredible weight. In fact, when the same matrix is used in construction applications heavy vehicles drive on it all the time. So what's to worry about a mob of energetic teenagers or some beefed-up linemen?

EnkamatPlus provides protection for the sideline areas and can withstand the pounding of cleats, heavy equipment, chairs, and thousands of dancing feet.

"When they rolled it up, we were amazed. The grass looked brand new. It really worked like a champ."
— Larry Hawkins
Asheville Tourist
General Manager

EnkamatPlus protects the field in any vulnerable area.

Enkamat Flatback being unrolled before a rock concert.
