NETX1™

Seamless One Piece Lacrosse Net

The NETX1™ lacrosse net is the most robust and long-lasting net money can buy. Its one-piece design eliminates the most common points of failure on traditional lacrosse nets: the diagonal seams, while providing a modern aesthetic that truly sets it apart.

The UV/weather stabilized “double-needle” nylon twine has a true 7mm thickness (measured across the depth and width of the twine) with a minimum breaking strength of 770 lbs. The combination of high strength twine and lack of diagonal seams means it will outlast every other net on the market.

The included “body fit” rope adjusts the net on the goal to maintain an appropriate amount of slack so balls remain inside the goal without bouncing back out.

- Meets NCAA and NFHS regulations
- Weather-stabilized 7mm x 1 ½” sq. knotless nylon with breaking strength of 770 lbs.
- One piece design eliminates diagonal seams (the most common point of failure)
- 1 Year Limited Warranty

TESTIMONIALS

Our coaches feel the Huddle Zone™ Mat's convenience has saved them time, giving our kids a central location to meet before going out on the field. It has been easy to maintain and travel with. It also keeps our special teams area clear for our players to meet.

GARY JOSEPH, Head Football Coach, KATY HS; Katy, TX

Each player on our punt team is assigned a box and knows to be in it on 3rd down. It enables us coaches to have players ready if we choose to punt and may have saved us a timeout or penalty. We give some credit to the Huddle Zone™ Mat for one of our better special teams performances this season.
