

# PATHWAY MIX CATALOG

**PATHWAY MIXES**

Available in 3/16" minus Burgundy Red, Grey, Tan or White crushed stone with either a 20% **Beam Clay® Binder** for smoother surface, or a 5% **Beam Clay® Binder** for a somewhat crunchier surface, or with **Stabilizer®** a natural organic binder "**Stabilized**" for an even firmer, yet more resilient surface—each with excellent drainage and resistance to erosion. Excellent natural surfaces for walking paths, jogging trails, driveways, or patios.

Easy to maintain: Recommended maintenance is to scarify and roll each spring. Otherwise, drag mat as needed to maintain smooth surface. Recommended depth is 1" - 3" depending on your base. If poorly draining soil, stabilize base first with 3/4" minus road stone.

**3/16" Red Pathway Mix**

One cubic yard weighs approximately 2,700 lbs., plus add 20% for compaction. Each 1" compacted requires approximately 5 tons per 1,000 square feet.
