Please note: the black color is **NOT** a standard black drain pipe, it contains special UV inhibitors to protect it from deterioration from the sun, however these darker colors (black & forest green) are more susceptible to sun damage as opposed to the original yellow and **NEW** orange color.

INSTALLATION TOOLS - Cut installation time by up to 75%. Poly cap can be difficult to spread and hard on your hands and knuckles. Neither of these tools are required, but either one of these tools would make installation easier.
